★ PARENTS ULTIMATE GUIDE TO PARENTAL CONTROLS ★

- from Ms. E, our APG Teacher Librarian / Tech Witch

Do you need parental controls? What are the options? Do they really work? Here's everything you need to know about the wide array of parental control solutions, from OS settings to monitoring apps to network hardware.

Even if you've talked to your kids about screen-time limits and responsible online behavior, it's still really tough to manage what they do when you're not there (and even when you are). Parental controls can support you in your efforts to keep your kids' internet experiences safe, fun, and productive. They work best when used openly and honestly in partnership with your kids.
