Excused and Unexcused Absences

([SFUSD Board Policy 5113](#))

Valid Excused Absences (Absences Excused by State law)

Verification of student absences is accepted only from parents/guardians/caregivers, or the student if they are 18 years old or older.

CA Education Code 48205 states that a student shall be excused from school when the absence is:

- 1 Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
- 2 Due to quarantine under the direction of a county or city health officer.
- 3 For the purpose of having medical, dental, optometric, or chiropractic services rendered.
- 4 For the purpose of attending the funeral services or grieving the death of either a member of the pupil's immediate family, or of a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, so long as the absence is not more than five days per incident.
- 5 For the purpose of jury duty in the manner provided for by law.
- 6 Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.

Importance of Attendance

California law requires that children between the ages of 6 and 18 attend school every day. While the law does not currently apply to children below the age of six, research shows that early education (pre-school and kindergarten) is essential for future academic success. It is the parent/caregiver's responsibility to ensure that their child gets to school every day.

Tips for Parents/Caregivers: Getting to School on Time

- Make sure your child goes to bed early and gets a good night's sleep.
- Develop a morning routine (get dressed, eat breakfast, brush teeth) and stick with it.
- Talk with your child about the importance of attending school every day for academic success.
- Arrange a time every night without interruptions for your child to do homework.

Regular Attendance is Essential!

National and local research has shown that students with frequent absences, whether excused or unexcused, have lower literacy levels, lower grades and higher drop-out rates than students who attend school regularly.

The Governing Board believes that regular attendance plays an important role in student achievement. The Board will work with parents/guardians and students to ensure their compliance with all state attendance laws and may use appropriate legal means to correct problems of chronic absence or truancy. **Absence in excess of 10% or more days of school, whether those absences are excused or unexcused, will be considered Chronic Absence.**

For support in keeping your child in school, or if you have any questions about District Attendance Policy, please contact your school administrator or the Student Family Services Division, by calling (415) 340-1716, emailing sflink@sfusd.edu or submit an online form at familylink.sfusd.edu.
